A Profusion of IMPs

by **Mark Horton**

Some technical issues meant that I had to switch from my intended match in Round 1 of the January Open Teams. As luck would have it, my enforced alternate turned over the highest number of IMPs.

In case you have not yet realised it, bridge is an almost impossibly difficult game, in which it is easy to do the wrong thing. However, it makes for wonderful entertainment.

East could be reasonably confident that North held no red suit control, but leading either of them was basically a guess and he went with the ♠2 for the four, eight and nine and declarer drew trumps discarding a diamond from dummy. He then took three rounds of clubs pitching a diamond and played a diamond to the ten and queen, East exiting with a club. Declarer ruffed, crossed to the ♡K and played the ◇J, ruffing when West followed with the seven. Declarer cashed the last trump pitching the ◇K and now in the two-card ending had to decide how to tackle the heart suit. He elected to play a heart to the ace and that meant one down.

6♠ is a poor contract, but after the trump lead declarer was in the game and could have made his contract in various ways. The auction had been revealing - North held no red suit control, so had to have a decent spade suit. Despite that East (and this is not any old East) had made a passive lead. I am willing to wager that if East had led a diamond at trick one declarer would have been tempted to put up the king, such is East's reputation. As it happens, a diamond is the only lead the guarantees the contract will fail, although declarer needs to play well after a club lead. Win in hand, cash a top spade, cross to dummy with a heart, come back to hand with a trump and advance the ♡J. You will be able to dispose of both diamonds and lose only to the ♠10.

Given that East did not lead a diamond there is a case for playing him for awkward holdings in every suit, which means playing the ♡J at the end.

For the record, no-one else attempted 6♠, although one pair reached the dizzy heights of 6NT, which went four down.

Declarer cashed the ♠A, ruffed a spade, played three rounds of diamonds, ruffing and exited with a spade. North won and played the ◇10 and declarer had to lose a club at the end for -100.

Miklos Dumbovich

Five declarers went down in 4♡.

There is more than one way to make this contract (declarer can leave trumps alone and play to ruff two spades in dummy) but let's go back to the point where declarer has won the third round of hearts. He ducks a club, wins the spade return and cashes two clubs. The second of these squeezes North.

South overruffed and exited with a club, North winning and playing a diamond. South ruffed with the ♡8 and West overruffed with the king and claimed one more trick, +620 and 12 IMPs.
