One significant advantage of bidding 3NT in this type of situation is a holding of Ax in the preemptor's suit; the ability to hold up once may take one opponent out of the game.

East led the ♠J and declarer won the second round of the suit, went to dummy with the ♡K and played the ♣Q, covered by the king and ace. Declarer went back to dummy with a club and played a heart to the jack. When it held he cashed three more tricks in the suit which forced East to come down to ♢KJ ♣95. Declarer crossed to dummy with a club and exited with the four, forcing East to lead into the split tenace, +460.

East led the ♠J and declarer won with the ace, cashed the ♡A, played a heart to the king and advanced the ♣Q, covered by the king and ace. He continued with the jack and ten of clubs and West ruffed, cashed the ♠K and exited with the ♢2 for the nine ten and ace. There were two diamonds to lose, -50 and another 11 IMPs were lost.

Declarer was hoping to create a swing in the play - if the clubs had been 3-3 his line would result in 11 tricks, while playing a heart to the king followed by a heart to the jack should result in one down were the finesse to lose - but the Great Shuffler was not disposed to co-operate.

I did spot an amusing echo of the squeeze that occurred at the other table - after taking two club tricks declarer plays a diamond for the queen and king and East returns the jack. Declarer takes dummy's ace and exits with a spade, West winning and cashing the ♡Q before exiting with a spade. Declarer ruffs and his last heart squeezes East in the minors.

With Hunisr leading 28-0 after 8 deals they were almost home and hosed.
