The Usual Suspects

by Brian Senior

I have always loved the line 'Major Strasser has been shot. Round up the usual suspects.' from Casablanca. The OCBL November Monday-Tuesday Swiss attracted 14 teams with a familiar smattering of World, European and National Champions. How would these usual suspects fair on the opening day?

Round 1

It was a strange round, three matches seeing more than 50 IMPs change hands, while Fredin and Yellow Cap could muster only nine between them!

This was perhaps the most exciting deal:

Board 3. Dealer South. E/W Vul.

	♠ Q J 7 5 4 3 2 ♡ Q 7 3 ♢ 4 3 ♣ 9	
♠ A 9 8 ♡ K J 4 2 ♢ 10 6 ♣ A Q 10 6		♠ 10 6 ♡ A 6 ♢ A K 9 5 2 ♣ J 7 4 3

1NT	3♠	3NT	All Pass

North led the ♡3 and declarer won with the jack, played a heart back to dummy's ace and advanced the ♣J. When it was covered declarer won, cashed the ♣Q and ducked a diamond, finishing with ten tricks and the same number of IMPs.

Black v Friends

South led the ♠K and declarer won with dummy's ace, played a heart to the ace and a low diamond, South winning with the jack and returning the ♡10. Declarer won and ruffed a heart, felling North's queen. Another low diamond allowed South to win and exit with a heart and declarer could not avoid the loss of another trick, -200.

Once the ♡Q appeared, declarer could have cashed a top diamond and then played the ♣J, which should lead to 11 tricks.

Hult	*Mou*	*Hallberg*	*Han*
—	—	—	Pass
1NT	Pass	3NT	All Pass

North led the ♠5 and declarer ducked South's king, won the heart switch with dummy's ace and played a club to the queen. A diamond to the ace was followed by the ♣J and that led to nine tricks, +600 and 13 IMPs.

Seligman v Netbridge

Open Room

West	North	East	South
Zomer	*Pszczola*	*Bouwen*	*Seligman*
—	—	—	Pass
1♣*	3♠	Dble*	Pass
4♡	Pass	5♣	All Pass

1♣ 2+♣

North led the ♠Q and declarer won with the ace, played a diamond to the ace and a club to the queen. A heart to the ace was followed by a club to the six (!) and declarer then cashed the ♡K and ruffed a heart (but with the ♣7 rather than the jack). He then cashed a top diamond, ruffed a diamond and exited with a spade, North winning and exiting with a spade. South ruffed and played the ♢J and that meant one down, -100.

If declarer ruffs the third round of hearts with dummy's ♣J he can draw trumps via the marked finesse and claim 11 tricks.

If declarer crosses to dummy with a heart at trick two and runs the ♣J, then 12 tricks can be made via an eventual endplay on South.

1NT 9-11 can be semi-balanced

East cashed his diamonds and then switched to hearts, ruffing the third round of the suit and returning a club for the king and ace. West won and played the ♡J which had the effect of promoting a second trump trick for the defence, five down, -1100 and 15 IMPs.

1♢ 11-15, 1+♢

North led the ♣9 and declarer won with the ten and played three rounds of diamonds, South winning and switching to the ♠K. Declarer won, played a heart to the ace and a heart to the jack. When that lost the contract was doomed and declarer finished three down, -300.

1NT 14-16

North led the ♣9 and declarer took ten tricks, worth 14 IMPs.

There was a similar result in Bici v New Amateurs, although as 5♢ went only two down the swing was 13 IMPs.

Round 2

In the second match of the day the deals were relatively quiet.

West led the ♡3 and having unblocked the hearts declarer played a spade to the king, cashed four rounds of diamonds ending in hand, took the ♡Q and exited with a heart, West winning and playing a spade. East took the jack and ace and then played the ♣4. When declarer put up the king he was one down, -50 and 10 IMPs changed hands.

As the cards lie, an initial club lead sets up five tricks for the defenders, but leading from ♣A1072 is hardly attractive.

South led the ♢Q and continued with the jack, declarer ruffing North's ace, unblocking dummy's hearts, ruffing a diamond, drawing trumps and playing a club for the queen and king. South won the spade switch with the ace, but declarer had nine tricks, +140. It was hardly obvious that North must win the first trick with the ♢A and

play three rounds of clubs and it would have made little difference, as 14 IMPs changed hands.

Round 4

On the opening deal of the round North sometimes opened 4♠ looking at ♠KQ96532 ♡Q1084 ♢95 ♣-. When East doubled with ♠A4 ♡973 ♢AKJ4 ♣AKQ4 West, looking at ♠J7 ♡AKJ2 ♢Q82 ♣8632 could either bid or go for the money, the latter being a big winner when 4♠ went for -800.

It was brave of West to raise to 6♢ - on another day it could have been the right thing to do. Faced with the same decision in the match between Bici and Friends, Yanong Han let matters rest, as did Alessandro Gandoglia (although he had overcalled 2♠ and then doubled North's 4♠ on the next round).

South led the ♠J and declarer ruffed in dummy and tried to cash the top hearts. When North ruffed the second of them declarer overruffed, ruffed a spade, ruffed a heart and played a diamond, South winning and exiting with a spade. North took the ace and switched to a club, so when declarer put in the ten, he was one down, -100.

5♢ is interesting.

If South leads the ♠Q and North is allowed to win with the ace a heart switch forces declarer to get the trumps right although if declarer goes wrong South must not play a second heart, as declarer can overruff North, cash the ♠K, ruff a spade, ruff a heart and then cash his diamonds, squeezing South in the round suits.

Declarer can also ruff the initial spade lead, cash a top heart, ruff a heart, ruff a spade and play another top heart, ruffed and overruffed. South wins the first round of diamonds and plays a spade to North's ace, but South can still be squeezed, so North's best shot is to exit with a club, which is what Pepsi tried in Seligman v Fredin. Naturally declarer did not go wrong, and it was a flat board.

In the match between Levine and Black West overcalled 2♠ at both tables and then sat for North's 4♠.

Simon Hult cashed the ♡A and switched to a diamond, declarer eventually losing a spade and two clubs for one down.

Michael Levine also led the ♡A but switched to the ♣A at trick two which meant the loss of 10 IMPs.
